Service

Dear [REDACTED]

I am writing in relation to your application made under the *Freedom of Information Act 1991* in which you requested access to the following documents:

*"My name is [REDACTED] I am the Property Manager working at [REDACTED] on behalf of our client [REDACTED] who owns [REDACTED] Monday evening there was an incident at this property. Can we please have a report as to what transpired."*

In accordance with the requirements of Premier and Cabinet Circular PC045, details of your FOI application, and the documents to which you are given access, may be published in the agency's disclosure log. A copy of PC045 can be found at <http://dpc.sa.gov.au/what-we-do/services-for-government/premier-and-cabinet-circulars>.

A search of files has been conducted and one (1) document was located that falls within the scope of your application. The document is identified in the attached schedule.

In respect of the document, I have determined as follows:

**Document 1**

I have determined that this document should be released in part.

In regard to this document, the parts to which I have not granted you access are the volunteer Member ID numbers and names listed on the document.

- (i) The document contains volunteer Member ID numbers and names.
- (ii) It would be unreasonable to disclose the volunteer Member ID numbers and names but not the other information in the document.
- (iii) The volunteer Member ID numbers and names are exempt from disclosure under clause 6 (1) of the FOI Act, which reads:

*"A document is an exempt document if it contains the matter the disclosure of which would involve the unreasonable disclosure of information concerning the personal affairs of any person (living or dead)".*

- (iv) In my view it would be unreasonable to disclose the volunteer Member ID numbers and names because:
- (a) Disclosure under the FOI Act is "disclosure to all the world". (Re Sunderland and Department of Defence, (1986) 11 ALD 258; Re Williams and Registrar, Federal Court of Australia, (1985) 8 ALD 814; Re Anderson and the Australian Federal Police, (1986) 11 ALD 355.)
  - (b) Re Chandra and Department of Immigration and Ethnic Affairs, (1984) 6 ALN N 257, which has been applied in South Australia, says that I should consider "... all the circumstances including:
    - The nature of the information disclosed;
    - The circumstances in which the information is obtained;
    - The likelihood of the information being information that the person concerned would not wish to have disclosed without consent; and
    - Whether the information has any current relevance" (aN259).

The matters outlined in (a) to (b) above lead me to conclude that it would be unreasonable to disclose the volunteer Member ID numbers and names under the FOI Act.

It is practicable to delete the volunteer Member ID numbers and names and release the remainder and in accordance with subsection 20 (4) of the FOI Act, I have done so. Accordingly, please find enclosed a copy of this document with the volunteer Member ID numbers and names deleted.

### **Appeal Rights**

If you are dissatisfied with this determination, you are entitled to exercise your rights of review and appeal as outlined in the attached documentation.

Should you have any enquiries in relation to this matter, please do not hesitate to contact me on 

Yours sincerely
